

FOUR BODIES  
UNCOVEREDFrom Debris of Collapsed 8-  
Story Building

## ACCIDENT IN NEW YORK

There Were Twenty Men at Work in  
the Place at the Time, But All  
Were Accounted for Except  
the Four.

New York, March 10.—An all night search of the wreckage in the basement of an eight-story building under construction, resulted in the discovery of the bodies of four workmen, buried beneath a mass of concrete and steel. The accident was due to a falling section of the concrete flooring on the eighth floor.

There were about thirty or more tons of concrete and twisted iron work which came down with the collapse of the top floor. Twenty men were working in the building at the time, and all of them were accounted for except the four, whose bodies were found to-day.

## EVERY HOUSE DESTROYED.

33,000 Kegs of Powder, 280 Tons Dynamite, 200 Persons Injured.

Pleasant Prairie, Wis., March 10.—Fire was still burning this morning in the powder magazines of the Dupont de Nemours Powder company, which blew up last night, killing at least one person and injuring nearly 200 others, besides causing damage amounting perhaps to half a million dollars within a radius of one hundred miles. Seven hundred persons were killed, and the explosion demolished every house in the place, and an almost equal amount of damage was done in Bristol, four miles west. In all, 33,000 kegs of powder and 280 tons of dynamite exploded.

## STRIKE AGAINST NEGROES.

White Firemen on Southern Railroad  
Ordered Out by Brotherhood.

Cincinnati, March 10.—White firemen of the Cincinnati, New Orleans & Texas railroad struck last night, because of a controversy over negro firemen. The strike was in response to an order by a committee of the Brotherhood of Locomotive Firemen and Engineers. The action was taken by the union after a long conference with T. C. Brown, vice president of the railroad, had failed to result in an agreement.

While the union officers were busy sending out the strike orders, Mr. Powell dictated a telegram to Washington, asking mediation under the Erdman act. The union officers refused to join in a request for mediation, asserting that their experience had led them to believe that the men would lose, rather than gain, by such a course.

The strike is due to a dispute as to the status of negro firemen. The union asserts that the working agreement with the road provides that negroes are ineligible to any work, except on local and slow freight trains and on yard engines. The railroad disputes this and asserts that their negro employees are entitled to promotion on the same terms as the white men. About 220 firemen are on the roster of the road.

## PARLIAMENT MEMBERS WRATHY.

Irish Unionist Wanted to Throw  
Nationalists Out of House of Commons.

London, March 10.—The most turbulent session in the house of commons in ten years ended at ten o'clock this morning, after nineteen hours' debate on the land clause budget. Taunts and insults were hurled frequently and once a riot threatened, when Captain James Craig of the Irish unionists called on the chairman to give his authority for the opposition to throw the whole nationalist party out of the chamber. This request was greeted by a storm of angry shouts from the nationalist benches.

## NEARLY ALL TROOPS REPORT.

Scene in the War Game Changes from  
Washington to Texas.

Washington, D. C., March 10.—With all the details of the great southern movement of troops completed and the scene of activity quickly shifted from Washington to the field, the headquarters of the army are today awaiting complacently the arrival of units moving commands at objective points. Reports to the war department indicate that by to-morrow nearly all the troops, which are concentrating at San Antonio, will have reported. The navy is carrying out its part in the operations equally as swiftly.

## PEACE AGAIN IN HONDURAS.

Army Disbanded, Troops Withdrawn and  
Town Turned Over to Government.

Opuneto, Cortez, Honduras, March 10.—The American and British bluejackets were withdrawn from San Pedro Sula yesterday and the town was turned over to representatives of the Honduras government. The guards were also withdrawn from Trujillo and the revolutionary army here has been disbanded. Peace is once more restored along the coast.

Edward C. Blodgett of Lower Waterford died February 28 of blood poisoning, caused by the opening of a pimple on his face. Within a few hours his condition was serious and after a very brief illness he died, having suffered intensely. It was necessary for the funeral to take place at once, the funeral being held later. Mr. Blodgett was but 29 years old.

## FOUND NO SOLUTION.

Governor Dix and Mayor Gaynor Put  
Their Heads Together.

New York, March 10.—The senatorial deadlock at Albany goes one better than General Sherman's definition of war, in the opinion of Governor Dix who addressed the North Side board of trade at its annual dinner here last night. The governor's speech followed a ten minute conference with Mayor Gaynor, sandwiched between courses and speeches at the dinner. The mayor declined to discuss the conference further than to say that it concerned the senatorship, and left the building shortly after its conclusion.

The conference was arranged on behalf of the governor by wire immediately before he left Albany yesterday. The governor was at the speakers' table but when the mayor arrived he retired to a committee room in which the mayor had been shown. When he went back to the dinner he was accompanied by the mayor, who remained but a few minutes.

"I am surprised to find so large a body interest in any other subject than the election of a United States senator," said the governor to the 400 diners. "We have all heard Sherman's definition of war, but the deadlock at Albany goes one better."

## COURTESY TO BALLINGER.

To Cause Frank Pierce to Resign from  
Interior Department.

Washington, D. C., March 10.—First Assistant Secretary of the Interior Frank Pierce announced yesterday that as a matter of courtesy to Walter L. Fisher, successor to Secretary Ballinger, he will resign when the new appointee takes charge next Monday.

"Whether I shall remain in my present position," said Mr. Pierce, "is a matter for the new secretary to decide."

Mr. Fisher arrived in Washington early yesterday and conferred with the President and Secretary Ballinger. He did not call at the office of the interior department.

Secretary Ballinger spent most of the day in discussing public land matters with senators and representatives.

"I should like to remain in my present position," said Mr. Fisher, "but I have already been collected the greater part of the evidence which will be used by Mr. Ballinger in bringing suits against his 'arch-conspirators.' It could not be learned when he would begin action or who would be the first target for legal action."

## FIRST OFFICER CONFESSES.

Gives Names of Those Who Profited by  
His Smuggling on Liner.

New York, March 10.—William Rind, first officer of the American liner St. Paul, after being sentenced yesterday to a year in the penitentiary, turned upon those who, he said, had profited by his wrong doing and gave the United States district attorney's office information which he declared involved several large drug firms in this city in the alleged handling of smuggled opium and cocaine. The confession will be investigated by government detectives.

Rind was convicted and sentenced for the smuggling of a diamond ring, but confessed at the time to have knowledge and to have participated in an illicit traffic in opium, cocaine and furs, carried on as he asserted, by officers of trans-Atlantic steamships. In his talk with District Attorney Wise, he said he had a wife and three children in England and that in his trouble he had been deserted by those who profited by his smuggling. With encouragement by the prosecuting officers he is said to have exposed many offenders of the customs laws.

## 60 MEMBERS ATTEND.

New Hampshire and Vermont Laundrymen's  
Association Meeting.

Nashua, N. H., March 10.—Sixty members of the New Hampshire and Vermont Laundrymen's association attended the annual convention of that organization at the Laton house yesterday. Delegates arriving on the forenoon train were shown around the city by Nashua members. A business meeting was held in the afternoon, at which papers were read by C. D. Williams of Hanover, N. H., J. E. Pickering of Portsmouth, N. H., E. Ray Spear of Boston and C. L. H. of Boston. Officers were elected as follows: C. D. Williams of Hanover, president; E. D. Adams of St. Johnsbury, Vt., O. S. Reed of Laconia, N. H., E. C. Wingate of Nashua, vice presidents; W. D. Whitcomb of Montpelier, Vt., secretary-treasurer; William M. Blakeley of Malden, Mass., was toastmaster. Robert West of New York, Mitchell Wing of Boston, C. H. Shepard of Troy, E. Bates of Boston, F. J. Doherty of Boston, J. N. Kelley of Lynn, George T. Woodley, Jr., and E. Ray Spear spoke. A minstrel show followed.

## BRITAIN'S NAVAL PROGRAM.

Five Dreadnaughts Among Items—Expenditures Swelled \$19,000,000.

London, March 10.—The naval estimates issued last night provide for the expenditure of \$221,902,500, an increase of \$19,000,000 on the previous year. The cost of new construction is fixed at \$79,419,385. The program includes five dreadnaughts, three protected cruisers, six submarines and an increase in the personnel of the navy of 3,000 men. The naval building proposals have caused a good deal of discussion of late. According to the reports, the admiralty issued six new dreadnaughts laid down this year. Benjamin McKenna, first lord of the admiralty, favored five, but the radical section of the cabinet and liberal party insisted that four would suffice.

Arrivals at the City hotel yesterday and to-day were registered as follows: E. B. Bailey, Burlington; S. W. Armstrong, Richmond; J. D. Culver, Rutland; E. E. Pransart, Boston; Mr. and Mrs. D. F. Merrow, Providence; R. L. J. G. Fullam, Lowell; George Carpenter, Winouki; Annie Little, Jean Palgrin, Emily Callaway, C. A. Monroe, Charles Martin, George Frechard, George Leonard, Thomas Cameron, May Murphy, Florence Wallace, Mayon McKel, Harry Fowler, William O'Day, E. H. Hibbard, W. H. Hanson, New York City; G. Rust, Springfield, Mass.

WILL NOT TRY  
GLOVER WIDOWSecret Indictment Against Her  
Was Not Prossed Today

## SENSATIONAL CASE ENDS

Slaying of Clarence F. Glover, Waltham,  
Mass., Laundryman, May Always Re-  
main a Mystery—LeBlanc Trial

Failure Caused Not Pross.

Cambridge, Mass., March 10.—Criminal procedure in connection with the murder of Clarence F. Glover, the Waltham laundry proprietor, ended to-day so far as the Massachusetts courts are concerned when District Attorney Higgins did not pross the secret indictment which was returned last June against Mrs. Lillian M. Glover, the widow of the murder victim, charging her with being an accessory before the fact. In not prossing the indictment, District Attorney Higgins said that inasmuch as the principal defendant, Hattie LeBlanc, in the case had been freed by a jury, it would be impossible to do anything with an alleged accessory before the fact.

The Glover murder has been one of the most sensational in Massachusetts courts in recent years. The shooting of Glover took place in his laundry at Waltham, and Miss LeBlanc, who was employed in the Glover house as a domestic, disappeared from the eyes of the public, being found several days later hiding under a bed in the Glover house. Her trial was held a few months ago, and the girl was acquitted of the charge of killing Glover, the defending attorney endeavoring to shift the case to the shoulders of Mrs. Glover.

## NEGOTIATIONS HALTED

Because Milford Cutters Wouldn't Ac-  
cept Committee's Agreement.

Milford, N. H., March 10.—Although accepted by a committee from the granite cutters' union, the proposition of both the strikers and Granite Manufacturers' association for an adjustment of the difficulties is not acceptable to the Italian cutters. The latter compose about two-thirds of the membership of the granite cutters' union here. The committee of the granite cutters' union, angered by the attitude of the union as a whole, left here yesterday for Quincy, Mass., where the matter will be laid before the national officers of the union.

The representatives of the Manufacturers' association say that they have made as many concessions as they intend and that rather than grant any additional demands they will let their quarries remain idle. Two hundred cutters and 150 quarrymen are affected by the halt in the peace negotiations.

The cutters' committee which has been conferring with the representatives of the Manufacturers' association said yesterday that the manufacturers had shown a commendable spirit in dealing with the cutters and they express indignation at their fellow cutters for not endorsing the committee's acceptance of the manufacturers' proposition. The latest offer of the manufacturers limited the use of the "hand surface," a machine to which the cutters objected on account of its alleged danger to health, to work to be done in the open air.

## FORMER BARRE RESIDENT.

Mrs. Clifford Blair Died Wednesday in  
Manchester, N. H., Hospital.

The death of Mrs. Clifford Blair, a former resident of Barre, occurred in a Manchester, N. H., hospital Wednesday, following a short illness. The woman was taken to the hospital a few days previous to her death, suffering with the grippe. She died peacefully and her husband, three young children, ranging in age from 8 to 12 years, and one brother, Wallace Mayville of this city, while in Barre, Mr. Blair was employed as a stone cutter. Several months ago the family moved to Manchester. Mrs. Blair was born 38 years ago in northern New York. Her maiden name was Mayville.

The body will be brought to Barre this evening. Although arrangements have not been completed, it is expected that the funeral will be held to-morrow morning presumably at St. Monica's church. Rev. P. M. McKenna will officiate. The burial will take place in the Catholic cemetery on Beckley street.

## VERMONTERS MAY GO

To Witness "War Game" to Be Played  
on Mexican Border.

St. Albans, March 10.—Adjutant General Lee S. Tillotson yesterday received a telegram from Washington stating that in connection with the mobilization of federal troops in Texas the secretary of war desired to extend a limited number of officers of the Vermont National Guard an opportunity to attend the maneuvers for the purpose of observation and instruction. General Tillotson after consulting with Colonel Dyer sent a list of officers to Washington. The names will not be made public until word is received from the war department.

## CHILD BADLY BURNED.

Burlington Girl Pulled Teapot of Hot  
Water Over On Her.

Burlington, March 10.—The four-month-old daughter of Mr. and Mrs. Alexander Milneau of North avenue was dangerously burned yesterday morning by the overturning of a teapot. The child was placed in a position so that she could reach the spout and pulled it over on her. The scalding liquid burned her badly about the legs and body, but a physician who was passing applied remedies and it is thought that the child will recover.

## NOW WIFE THREE APPEARS.

Bartell Willing to Leave Vermont With-  
out Extradition Formality.

Rutland, March 10.—Frederick Bartell, who was arrested at Castleton on Wednesday by Deputy Sheriff Pascal Ricci of this city on the charge of bigamy, preferred by Watertown, N. Y., officers, went yesterday to Watertown accompanied by a New York deputy. He was willing to leave this state without extradition papers.

With the officer and prisoner went a woman who is the claimant in the case and who declares that she is wife No. 3. She appeared on the scene yesterday morning although it has been learned that she stayed with Bartell at a local hotel last Tuesday night. She says that she was married to Bartell at Syracuse, N. Y., last November and lived with him about a month and a half. He would not support her, she alleges, and she left him. Later she learned of his two other alleged marriages and determined to prosecute him. She came to Rutland a month ago, as her story goes, and has been acting the part of a book agent here while instituting her search.

ST. JOHNSBURY MAN  
SHOT IN WRISTMysterious Affair While He Was Walk-  
ing on the Railroad—Three Boys  
with Rifles Are Sus-  
pected.

St. Johnsbury, March 10.—Moses Daniels was shot in the wrist while working on the railroad near this village yesterday. The men were repairing a rail, using at the time a drill which was operated by a crank. The report of a rifle was heard, and Daniels, who was doing the turning with the drill, clenched his wrist and said he had been shot. Upon taking off his glove, it was found that a bullet had entered his wrist on the back side when the wrist was bent and that the bullet had lodged in the forearm.

The injured man was taken to his home in this village, and a doctor was summoned. The X-ray was used, and the bullet was located; but it was lodged in such a difficult place that it was thought best not to operate at present. Dr. Prevost thinks that he will be able to extract the bullet without injury to the wrist if poisoning does not set in. It is understood that three boys were out hunting and that the stray bullet was from one of their rifles.

## WANT MR. LOWE BACK.

St. Albans Methodists Pass a Unani-  
mous Vote for His Return.

St. Albans, March 10.—At the fourth quarterly conference of the Methodist church Wednesday evening a vote of thanks was tendered the pastor, Rev. Ralph F. Lowe, for his faithfully service and a unanimous vote was taken requesting his return. District Superintendent William Shaw presided over the conference.

The various reports given indicated a prosperous year's work, some gain being shown in every department. Since last October the church has been supporting an American missionary, Rev. J. J. Kingham of Ohio, who is now at work in Madras, India. Various improvements which have been made have involved an expense of \$335, all of which has been paid. A new room has been finished and equipped for the kindergarten class of the Sunday school. An individual communion set has been purchased for the use of the church. The net gain of members in full connection for 11 months has been eight. As a result of the special meetings held in January, 34 have joined on trial and a number of church letters have been received.

MEAD APPOINTS  
PRIN. E. A. BISHOPTo State Board of Education to Suc-  
ceed O. D. Mathewson of Barre.

One Other Appointment.

Rutland, March 10.—Governor Mead to-day appointed Prof. M. B. Cummings of the university of Vermont in Burlington as state inspector of nurseries. He also appointed Rev. Dr. E. A. Bishop of Montpelier seminary, as a member of the state board of education to succeed Supt. O. D. Mathewson of Barre.

## KILLED UNDER TRAIN.

Philip Stone's Body Cut in Two at Rut-  
land Yesterday.

Rutland, March 10.—Philip Stone, aged 40 years, father of five children, was instantly killed here yesterday afternoon while performing his duties as Rutland locomotive yard foreman. In boarding a locomotive his foot slipped and the engine backed over him. He was cut in two in the middle. He leaves a wife beside the children. A particularly pathetic incident was witnessed five minutes after the accident, when one of the unfortunate man's sons, a messenger boy, was attracted by the crowd and learned for the first time the identity of the injured person when he saw the mangled body of his father on a stretcher. Mrs. Stone was on Merchants' Row when she heard of the accident and was taken home in a cab in a state of collapse.

## SCHOOL CONFERENCE OPENS.

Lecture by Prof. T. N. Carver of  
Harvard the First Number.

Burlington, March 10.—The sixth annual conference of the secondary school of Vermont with the university of Vermont opened at the Billings library, which was attended by a large number of the university circle and townspeople. Prof. Thomas N. Carver of Harvard university was the speaker and his subject was "The Religion of the Productive Life."

Professor Carver differentiated between the purely emotional and the utilitarian aspect of religious emotion and for an hour or more held his audience with his lucid and powerful presentation of religious emotion. His address was followed by a social hour.

BOY ACCUSED  
OF MURDERSDouble Tragedy at Maidstone,  
Vt., Revealed

## ARTHUR BEAN, 18, IS HELD

His Mother and His Sister Were Slain  
in the Bean Home—No Cause Is  
Known for the Committing  
of the Crimes.

Guildhall, March 10.—Arthur Bean, aged 18 years, is held in the Essex county jail, having been arrested yesterday at his home in Maidstone, charged with the murder of his mother, Mrs. George Bean, and his sister, Miss Mina Bean. Young Bean made no resistance when Sheriff Beattie made the arrest. It was Bean himself who gave the first announcement of the death of his mother and his sister.

It was young Bean himself, who made the announcement of the double death yesterday afternoon. He came running down the railroad track to a place where some railroad men were engaged at work, carrying a rifle.

The neighbors rushed to the Bean home and found the body of Miss Mina Bean in a pool of blood on the floor of the front hall, which that of Mrs. Bean was in a bedroom on the upper floor of the house. There were bullet wounds in both bodies. A physician who was summoned said that both the mother and the daughter had been dead for an hour or more. Young Bean had followed the neighbors down to his home, but when asked what he knew of the tragedy he declined to talk.

Mrs. Bean's father, aged 63, was in the house at the time. He was very excited at the time, but last night he made the statement that during the day yesterday his grandson made him get into a closet and told him to "stay in there if you don't want to get hurt." A few minutes later, the old man says, he heard shots.

Young Bean has been employed as a railroad section hand. The Bean home in Maidstone is between the railroad and the Connecticut river and about one hundred yards from a gravelled road. It is said that there has been some disagreement over the settlement of Mr. Bean's estate.

Arthur Bean is the youngest of the family of six, there being a brother, Ernest, older than he, and four sisters. The brother had a place of his own and the sisters, except Mina, were not at home. Ernest J. Bean represented the town of Maidstone in the last legislature.

Bean will not be arraigned until after the arrival of Attorney General Sargent and Dr. B. H. Stone of the state laboratory at Burlington, by the latter of whom the autopsy will be performed. At the present time there is no other suspect. The authorities are at loss to know a motive for the slaying of the women, but it is said that young Bean has been known to use intoxicating liquor. Mrs. Bean was 56 and her daughter 17.

## SAY REVOLVER WAS FOUND.

Near Mrs. Bean's Body and Examina-  
tion Showed Deaths Due to Bullets.

Maidstone, March 10.—Much light is expected to be shed on the murder yesterday of Mrs. George Bean and daughter, Mina, at an inquest called for this afternoon. Arthur Bean, the son of Mrs. Bean, is held at Guildhall jail on the charge of murder, but this morning he refused to admit his responsibility for the two deaths. John Sweet, the father of Mrs. Bean, was in the house at the time of the shooting and is looked upon to enlighten the authorities regarding the slayer. An examination of the bodies of the victims indicated that they were killed by revolver bullets and a revolver was found on the floor near Mrs. Bean's body.

## KILLS HUSBAND AND SON.

Connecticut Woman Then Makes At-  
tempt at Suicide.

Brantford, Ct., March 10.—For a cause not fully determined, Mrs. Cora Wood yesterday shot and killed her husband, Christopher, and her 11-year-old son, Valdemond, and then made what will probably be a successful attempt at suicide by shooting herself in the left side.

The murders were discovered last night by an older son, Walter, who he returned home from work. All the doors being locked he broke the cellar window and on going to the second floor, first stumbled onto the body of his father lying, fully dressed on the floor, with a bullet hole through the mouth, which bullet had caused instant death. His young brother he found undressed and in bed with a hole in the back of his head, and his mother unconscious, lying on the floor.

According to Walter, his father and mother had some slight difficulties over money matters, and he thinks his father was preparing to make a business trip to New Haven for the purpose of paying bills. At dinner time he says his mother told him that his father had a headache and was in his room and did not wish to be disturbed. The mother and Valdemond were both seen around the house late in the afternoon.

## DEFENDANT DISCHARGED.

Patsy Russo Not Found to Be Abscond-  
ing Debtor.

At the conclusion of the hearing held yesterday afternoon before Justice A. Sargent in the case of Patsy Russo, charged with being an absconding debtor, against whom action was brought by J. R. Kelly & Co., the court held that the plaintiff did not show that Russo was going to leave town or had any intention of doing so, and ordered the defendant discharged.

## WILLING TO PLAY ONE GAME

But Burlington High Wants Buck for  
Referee and Goddard Objects.

As a result of negotiations which have been under way for the last week between the managers of the Goddard seminary and Burlington high school basketball teams, arrangements have been made and a date set for a game between the two teams on March 22 in the university of Vermont gymnasium at Burlington, providing that an agreement can be reached as to officials for the game.

Manager Scott of Goddard had a talk over the phone yesterday afternoon with the Burlington high manager and at that talk the latter refused to play, but at 6 o'clock last evening Manager Scott was called up by Burlington and informed that they had decided to play. Goddard agrees to Goddard's proposition to play one game for the championship of the state under the rules laid down by the Schoolmasters' club, the game to be arranged under the auspices of U. V. M. and played in the college gymnasium with strictly neutral officials.

Burlington, however, wants Buck of the Montpelier Y. M. C. A. to referee the game. Goddard claims that Buck cannot be considered neutral official, as he is a graduate of Burlington high, and so will not allow him to officiate. Manager Scott expects to hear again from Burlington to-day and have this matter settled up.

Both the Goddard and Burlington high teams have played out their season's schedule without defeat. Goddard winning 12 games and Burlington 11; but the latter team has not played since the Burlington refused to schedule a game with Goddard when Goddard's schedule was being arranged, and at the end of the season, when Goddard learned that Burlington was laying claim to the championship of the state, the local school issued a challenge to Burlington the first of this week. Burlington refused to listen to any arrangements until last evening, when manager Scott received word that they had decided to play one game.

Goddard bases its claim to the championship on the strength of the following: Goddard 53, Norwich university freshmen 15; Goddard 34, Montpelier Capitals 26; Goddard 55, Waterbury athletic association 13; Goddard 48, Montpelier Capitals 9; Goddard 44, Richards high (Newport, N. H.) 23; Goddard 29, Rutland academy 23; Goddard 27, La Moille Central academy 17; Goddard 26, Hardwick athletic association 7; Goddard 18, Spaulding high school 15; Goddard 20, Hardwick athletic association 7; Goddard 55, People's academy 10; Goddard 28, Spaulding high school 8.

The seminary team has defeated nearly, if not all, of the strongest aggregations in the state. Hardwick lost its first game on its own road to Goddard this year. Goddard also has the distinction of being the only team to defeat the Montpelier Capitals on their own floor. It will be noticed that the locals have won every game, with one exception, by a decisive score.

Much of the team's success during the past season is undoubtedly due to Richardson and Carr, two of the fastest preparatory school forwards in the state. Together they formed a combination that was hard to overcome. In Fiske seminary has a center who outplayed and outranked his opponents in almost every game. His sensational shooting was a strong factor in many victories. By many he is considered the best basketball center of any preparatory school in Vermont. Melver and McLeay were players hard to score upon, and who, in several games, were able to prevent their opposing forwards from scoring any baskets. Chappel's record as a guard is well known.

Together with Richardson, he was chosen a member of the Vermont All-Intercollegiate team. In his last two years on the floor he has held his opponents to only fourteen baskets, at the same time shooting forty-eight himself. In coach Stacy and manager Scott, the team has had two hard working members, whose efforts should not be overlooked in placing credit for Goddard's successful season.

Goddard will lose this year by graduation Captain Richardson and Fiske. In Richardson the seminary will lose a veteran player and leader of three years, and one of the best basketball players the school has ever turned out. He was also captain of last year's champion football team. Goddard will also feel keenly the loss of the center who has had a variable record while attending school here.

## ANOTHER VICTORY

Was Scored by Methodist Brotherhood  
Last Night, 51 to 25.

The Methodist brotherhood basketball quintet added another credit to its long string of victories last night by defeating Montpelier seminary, 51 to 25, at the Church street gymnasium. Only a small crowd was present, but in spite of the score the contest was sufficiently interesting to keep nearly one hundred spectators enthused from the start to the finish. Halvosa was the one shining light among the local players, and successfully tricked the loop for twelve baskets. Oliver was not far behind in this respect, shooting a total of seven. Spikes and Town showed up in good form for the seminary side. The visiting team evidently lacked practice, a fault which was plainly reflected in faulty shooting and loose team work. The summary:—Meth. Brotherhood. Montpelier Sem. Oliver, 12; Spikes, 10; Halvosa, 10; Town, 7; Spikes, 2. Total, 49. Halvosa, 1; Oliver, 1; Spikes, 1; Town, 1. Total, 4. Baskets made by Halvosa, 12; Oliver, 7; Spikes, 4; Town, 4. Total, 27. Free throws, 12. Total, 51. Halvosa, 1; Oliver, 1; Spikes, 1; Town, 1. Total, 4. Baskets made by Halvosa, 1; Oliver, 1; Spikes, 1; Town, 1. Total, 4. Free throws, 12. Total, 51.

## MARRIED WEALTHY WOMAN.

Arthur A. Danforth of Island Pond Was  
the Groom.

New York, March 10.—According to official report of the Brooklyn borough marriage bureau to the New York register of vital statistics yesterday, Arthur A. Danforth, who resided in his age as 43, his residence as Island Pond, Vt., and his occupation as a business man of that town, married Fannie E. Davidson, aged 40, a wealthy and popular member of church and social circles of the eastern part of the state, at the residence of the bride's father, where the ceremony was performed by her pastor.

COUNTER MOVE  
BY MR. MELLEHis System Promises Burling-  
ton a New Station

## RAILROAD WAR GOES ON

Central Vermont Had Just Promised  
Burlington a New Station and  
Citizens Hardly Know What  
to Expect.

Burlington, March 10.—Another unexpected move on the railroad checkerboard, in which the Boston & Maine and the Grand Trunk are playing the game, came to-day in this city, when E. W. Lawrence, attorney for the Rutland railroad, recently acquired in part by President Mellen's system, appeared at the city clerk's office and filed a statement of location, preliminary to condemning land for a new and modern station. A short time ago the Central Vermont, the subsidiary of the Grand Trunk, notified the Burlington Commercial club of its intention to build a handsome structure to replace the somewhat outgrown station now standing on Central Vermont land. The proposed location is on land which is owned by the Shepard & Morse Lumber company, and the land embraces two blocks, which are bounded by College, Battery and King streets and the lake front. It is said that the lumber company is not averse to having the land condemned.

Immediately following the filing of this declaration, the "committee of fifteen" citizens of Burlington gathered at a hastily called meeting and called attorney Lawrence before them. The attorney accepted the summons, and at some length outlined the plans of his railroad for the improvement of facilities in this city. The "committee of fifteen" were very much pleased with the explanation of the attorney, and they thanked him for the railroad. Mr. Lawrence told them that his backers had decided to build a modern station to fit the needs of Burlington.

The names signed to the declaration filed with the city clerk are: E. F. Baker, W. S. Webb, P. W. Clement, James Stillman, William Skinner, W. H. Neuman, C. S. Mellen, W. C. Brown, Lewis Cass Ledyard. Mr. Brown is president of the Rutland railroad and Mr. Mellen is president of the Boston & Maine, as is well known.

Just what effect this proposition will have on the agreement of the Central Vermont to erect the new station on its land is not known, and Burlington people are awaiting developments.

BOTH RESPONDENTS  
WERE BOUND OVEROn the Charge of Keeping Liquor with  
Intent to Sell, After Hearing in  
Justice Court To-day.

The postponed hearing in the case of State against Charles Zoki and E. Macchi, both of East Barre, charged with keeping with the intent to sell, was held before Judge Scott as justice this forenoon, and at the conclusion the court bound both respondents over to county court. Macchi furnished bail of \$500, Angelo Scampino going surety for him. Zoki's bail was fixed at \$500, and he is trying to get surety. M. M. Gordon was counsel for both respondents and State's Attorney Carver presented.
